Phone: 613-282-6223

An all aluminum racking system, available for any brand of panels

Industry leading

- **Adjustability** – Four season positioning keeps the panels facing the sun (10-15% ROI improvement over fixed racking)
- **Ease of Use** – Do it yourself adjustments
- **Installability** – Quick & easy installation, with no special tools
- **Flexibility** – Multiple layouts, site preparations and panels
- **Durability** – Maintenance free over years of service
- **Visual appeal** – Compare to unsightly wood or steel products

Engineer Certified

Aluminum (Ont.) structural members & stainless steel hardware

Designed and manufactured in Ontario
